

G.E.M.S.

GAMEPLAY ENHANCEMENT MODS FOR SKYRIM

GEMS started as a spreadsheet. I converted it to HTML & added javascript to make it easier to use and then uploaded the HTML file to the NEXUS. I was asked to post it on the web so it could be bookmarked...so I did.

<http://SkyrimGEMS.com>

I hope you find it helpful. :)

Please come back and endorse it so others will know that it exists.

Thanks!
