

# LCS vs Copenhagen Wolves (Week 2)

## Our champion pool

**Mid:** LeBlanc, Kha'Zix, Ziggs, Gragas

**Jungle:** Pantheon, Lee Sin, Gragas, Elise

**Top:** Shen, Jax, Renekton, Dr. Mundo, Olaf

**AD:** Lucian > Ezreal = Caitlyn = Jinx

**Support:** Zilean, Thresh, Annie, Leona, Nami

## CW Bans (Week 1)

**Blue side:** Lee Sin, Annie, Yasuo, Evelynnn, Dr. Mundo, Riven

**Red side:** Dr. Mundo, Yasuo, Kassadin, Thresh, Elise, Annie

## CW Picks (Week 1)

<b>Mid:</b> Kayle	Zyra	Ziggs	Yasuo
<b>Top:</b> Shyvana	Shyvana	Renekton	Dr. Mundo
<b>Jungle:</b> Elise	Olaf	Vi	Lee Sin
<b>AD:</b> Lucian	Lucian	Lucian	Lucian
<b>Support:</b> Lulu	Lulu	Annie	Leona
GREEN = WIN / RED = LOSS			

**Conclusion:** They pick Lucian every game possible, if we ban the supports they will most likely pick Lulu. They value Elise over any other pick, if Elise is banned they will first pick Annie, on red side they will pick Lucian + Shyvana if Elise & Annie are both banned.

## Suggested bans

1. Kayle, Kassadin, Elise
2. Annie, Kassadin, Elise

1. If we do these bans, they will first pick Annie
2. If we do these bans, they will (most likely) first pick Shyvana / Lucian

## Suggested picks

**Top:** Shen / Olaf

**Mid:** Gragas / LeBlanc / Ziggs

**AD:** Lucian > Caitlyn = Ezreal / Jinx

**Jungle:** Pantheon / Lee Sin

**Support:** Annie / Zilean

Jinx is a possible pick if we are certain that they won't pick a toplaner or jungler with hard CC, in which case we need an ADC with an escape (Lucian / Ezreal)

## Amazing's Jungle Path

Starts on the opposite buff his bot lane is (gets help from YoungBuck) unless he plays mana intensive junglers on Red side (he starts on blue buff with no help on Olaf, red side)

**BLUE SIDE** Elise first gank Top at 4:00

**BLUE SIDE** Vi: first gank Mid at 4:35

**RED SIDE** Olaf: first gank around 4:00 (counterganks Mid in this scenario)

**RED SIDE** Lee Sin: first gank Bot at 3:10 (buffs + wraiths -> gank)

Amazing will start blue buff against us (they are blue side), this means that their bot lane will push at level 1 (or stand in the bush and try to kill / poke).

## Points to focus on

- Vision, wards will guarantee map control and it'll be impossible for Shook to carry!
- Roam TOGETHER (Mid & Jungle), you have to make sure the communication is solid!
- Don't group unless you can get an objective, it's much better to roam, get a kill and then follow up with objectives!
