

Preliminary Plan

Title: Vacuity

Type of Production: TV Serial

Genre: Science Fiction

Concept:

Far in the future, humanity discovers an interstellar gate to a far away solar system, boosting our ability to explore and conquer, allowing a common goal for all of humanity. Years later, it suddenly closes, trapping factions on either side. We follow the stories of a family that has been cut in half by the closure, a government agent Earth-side that doesn't believe her own propaganda and the crew of a smuggling ship that is now out of work.

Logline:

When the interstellar gate between Earth and a far away solar system suddenly closes, both sides must struggle to survive: a family separated, a government agent on the verge of something huge and a smuggling ship crew out of work.
